SOLID WASTE
MANAGEMENT PROGRAM

Dear Permittee:

Enclosed is your Construction Permit Number 6-3732 issued by the Missouri Department of Natural Resources for the construction of the facilities described therein. This permit is issued in compliance with the statutes of the State of Missouri.

Your attention is called to the fact that a letter of authorization to operate these facilities is also required by law before placing them in use. The operating letter of authorization will be issued to the owner or developer for the interim period until the entire development is complete and/or until the sewers are officially dedicated to the Metropolitan St. Louis Sewer District.

Sincerely,

DEPARTMENT OF NATURAL RESOURCES

DEPARTMENT OF NATURAL RESOURCES

MISSOURI CLEAN WATER COMMISSION

CONSTRUCTION PERMIT

The Missouri Clean Water Commission hereby issues a permit to: West Lake Quarry & Materials Company, 13570 St. Charles Rock Road, Bridgeton, Missouri 63044.

For the construction of (describe facilities): 358 lineal feet of 8-inch P.V.C. pipe complete with all of the necessary appurtenances to make this a complete and usable sewer to serve the West Lake Sanitary Landfill Leachate Treatment Facility located on Old St. Charles Rock Road at Taussig Road, St. Louis County, Missouri. This sewer line will discharge into an existing Metropolitan St. Louis Sewer District sewer in the Cowmire Creek Watershed with treatment to be provided at Metropolitan St. Louis Sewer District's Bonfils Lagoon. (P-10500)

Permit Conditions: None

Construction of such proposed facilities shall be in accordance with the provisions of the Missouri Clean Water Law as located in Chapter 204 RSMo, Supplement 1973 and regulations promulgated thereunder, or this permit may be revoked by the Missouri Clean Water Commission.

As the Department of Natural Resources does not examine structural features of design or the efficiency of mechanical equipment, the issuance of this permit does not include approval of these features.

A representative of the Department may inspect the work covered by this permit periodically during construction. Issuance of an operating permit by the Commission will be contingent on the work substantially adhering to the approved plans and specifications.
